INTERNATIONAL IN GOOD HANDS

We “do” Germany. Not only the top seven cities, but B and C towns too. These include Flensburg and Oranienburg, Ratingen and Neuss, Ingolstadt and Nürtingen. We have the track record to prove it – a yearly letting volume of some 500,000 m² and an annual transaction volume of around €2bn.

But we also “do” international. We share our personal, cooperative approach with local property firms that are firmly rooted in their specific markets.

Via our international cooperation arrangements with Carter Jonas and Van Gool Elburg we are thus far able to offer customers access to the markets in Great Britain and the Netherlands. This enables you to profit from extended marketing opportunities and the local professional knowledge of our partners. Good performance guaranteed.
